

Policy committee meeting minutes 7/11/2022

Present: Shirley, Dale, Monica, Kevin Beazley

Time: 4:30- 5:05 PM

Review of proposed policies and bylaws:

Second look at Criteria and process for adding interscholastic sports

The Policy Committee recommends that the board as a whole review the attached draft document. Please compile a list of any questions or concerns you may have. Committee also recommends that we await guidance from our new superintendent.

There was also discussion regarding the proposed changes to the student handbook. Mr. Beazley's research made it clear that the book does not need to/ should not officially approve any updates to the student handbook. The current update includes some changes to the cell phone policy. These changes are mandated by the state and will be communicated to the students and parents before the start of the school year.

Next meeting: Monday, August 8 from 4:30- 5:30 PM
